

Pharmaceutical Manufacturing and Biotech Industries Showcase Latest Innovations Throughout INTERPHEX 2023

Editor's Note: Event photos available [here](#) | Recap video available [here](#)

Norwalk, CT, May 4, 2023 — **INTERPHEX**, the premier event dedicated to pharmaceutical and biotechnology innovation, technology and knowledge from development through commercialization filled the halls of the Javits Center (April 24 – 26, 2023) for attendees to explore the latest innovations, learn from industry experts and renew or forge new business relationships.

INTERPHEX saw a robust 40% year-over-year gain in attendee numbers for 2023. Additionally, INTERPHEX featured 70 new exhibitors and an overall 15% exhibiting company increase compared to 2022.

"INTERPHEX remains the industry platform for the future of the pharmaceutical and biotechnology industries," said Douglas Lugo, Event Director for INTERPHEX. "INTERPHEX 2023 brought together the brightest industry professionals and key suppliers to share expertise, find solutions and explore innovation in an effort to reduce costs, increase productivity and maximize efficiency. The industry continues to evolve at a rapid pace and INTERPHEX remains well-positioned to continue its leadership role in delivering access to the latest technologies and industry expertise to address challenges faced by the pharmaceutical and biotech industries."

Highlights were aplenty at INTERPHEX 2023. The 2023 Keynote Series, presented by Pharmaceutical Technology and BioPharm International, featured leading experts discussing today's trending topics. The Keynote Series kicked off with a standing-room only audience to learn about technical advancements using mRNA modalities in oncology, infections disease and CNS indications. Another popular panel explored Organ Chip technology and what it means for drug discovery and personalized medicine.

INTERPHEX 2023 also featured several exciting Show Floor areas, including a brand-new exhibitor pavilion – the **INNOVATECH Gateway Pavilion**. Solidifying its mission of highlighting the full landscape of pharmaceutical and biotechnology products and innovations, INTERPHEX introduced this new pavilion featuring live demonstrations from companies representing various stages of the product development lifecycle.

Always a popular component of INTERPHEX, **INTERPHEX Live**, hosted and moderated by industry expert, Russ Somma, PhD. This year's stage covered popular topics such as regulatory trends and warnings, continuous manufacturing, a deep look at post-pandemic pharmaceutical investments, contamination strategies and advancements in cell and gene therapy.

The INTERPHEX Exhibitor Awards honored advancements in technology-development, efficiency, and up-and-coming innovation. Sponsored and reviewed by American Pharmaceutical Review and Pharmaceutical Outsourcing, award categories and winners for 2023 include:

- **Best in Show:** [IMA Life North America Inc.](#) – INJECTA
- **Best New Product/Service:** [DEC Group](#) – BoMa Dosing System
- **Editor's Choice:** [Schunk](#) – ADHESO Energy-Free Gripping Technology
- **Best Technologies Innovation:** [West Pharmaceutical Services](#) – READY PACK
- **INTERPHEX Efficiency Champion:** [Thomas Processing](#) – ACCELA CTC 500
- **Biotech Innovation Award:** [PAK BioSolutions Inc.](#) – Pilot PAK

The INTERPHEX e-Poster Hall, Sponsored by BioProcess International, was revamped this year to display all posters digitally. The e-Poster Hall showcased leading methodologies, displayed all three days of the show. The 2023 winners included:

- **1st Place:** [RheaVita](#) – Implementing PAT during continuous freeze-drying allows real-time monitoring and control of relevant CQA's
- **2nd Place:** [Pall Corporation](#) – Case Study: Development and Scale-up of a Helper Dependent Adenovirus (HDAd) Process Using the iCELLis® Bioreactor Platform
- **3rd Place:** [West Pharmaceutical Services, Inc.](#) – Evolving Component Technologies to Meet the Needs of Large Volume Injections
- **4th Place:** [Entegris Life Sciences](#) – Critical evaluation criteria for the selection of Freeze-Thaw Units for Processing of Bulk Pharmaceuticals and Intermediates.
- **5th Place:** [West Pharmaceutical Services, Inc.](#) – Functional Assessment of Adeno-Associated virus stored in Daikyo Crystal Zenith® vials at ultra-cold temperatures

“We see INTERPHEX as the ideal event to share our new technology and network with relevant partners in the pharma and biotech industry,” first place e-Poster winner, Jan Van Hauwermeiren of [RheaVita](#), said. “As we believe our technology will play a major role in implementing the Industry 4.0 standards into pharma manufacturing, showcasing during INTERPHEX gives us the opportunity to introduce our technology to leading experts.”

Fresh off the heels of the successful INTERPHEX 2023 conference, planning for INTERPHEX 2024 is already underway. The show will return to the Javits Center, April 16 – 18, 2024. Organizations interested in participating can obtain more information [here](#).
