

APRIL 17-19, 2018
JAVITS CENTER, NY

INTERPHEX 2017 SUCCEEDED IN BRINGING TOGETHER INSPIRED PROFESSIONALS WITH KEY INDUSTRY LEADERS TO SHARE KNOWLEDGE AND BEST PRACTICES, AS WELL AS EXPERIENCE THE LATEST CUTTING-EDGE TECHNOLOGIES NEEDED TO COST EFFECTIVELY DEVELOP AND MANUFACTURE QUALITY PRODUCTS.

- Once again INTERPHEX has proven to be the place to "Learn It, Experience It, Procure It" aggregating more than 7400 key decision makers sourcing solutions
- 47% were First-time Attendees, a 5% increase over 2016
- 14% Increase in Bio/Pharma Engineers, a Key Attendee Target
- 54% Increase in Engineers over INTERPHEX 2014
- 22% Increase International Attendance over 2016
- Over 630+ Leading Suppliers, 90+ NEW Companies Exhibited
- Supported more than 20 North American and Worldwide technology launches
- 62% of attendees have capital projects they were sourcing technologies for
- 84% of attendees recommend, influence or make the final sourcing decision
- 82% feel the right solution providers are at INTERPHEX to fulfill their sourcing needs

With a new administration, market shifts and new regulatory mandates, INTERPHEX remained well-positioned to continue its leadership role in delivering access to the no cost technical conference, latest technologies and industry expertise to address challenges faced by the pharmaceutical, biotech and device industries.

INTERPHEX 2017 was a great show for us. Not only were we extremely honored to be recognized as the Efficiency Champion INTERPHEX award for our flexible filling platform KCP, but we also experienced strong traffic at our booth throughout the event and received very positive feedback from attendees. The show was crowned by the handshake for an order with a U.S. customer.

- Markus Hörsch, Sales and Marketing Director, Bausch+Stroebel Machine Company

TECHNICAL CONFERENCE

186 Industry Experts Presented

As the industry looks to reduce costs, increase productivity and maximize efficiency, INTERPHEX is perfectly positioned to address and deliver the solutions for these ongoing challenges by providing the latest in state-of-the-art technologies and access to industry expertise from subject matter experts.

Our innovative Technical Conference was vetted by a panel of industry experts, "Moving the Industry Forward and Beyond: Leveraging Efficiency, Quality and Cost Effectiveness"

Featured Sessions: INTERPHEX Live

- ["Continuous Manufacturing Opportunities Keep Expanding in Pharma"](#)
- ["Quality Metrics/Quality Agreements"](#)
- ["cGMP Clean Space: Innovative Solutions for Compliant and Cost-Effective Facilities"](#)
