FOR IMMEDIATE RELEASE

Material Transfer & Storage Extends Rep Network with Protech Equipment Company

Partnership expands access to MTS' solutions in the Midwest region

ALLEGAN, MI (August 2024) – Material Transfer (MTS), an industry leader in bulk material handling equipment and systems, announced a new partnership with manufacturing rep group Protech Equipment Company. The partnership establishes local representation in the Ohio Valley to solve customers' manufacturing challenges in their facility and provide greater access to Material Transfer's innovative solutions, including bulk material handling equipment, integrated systems, and services.

Protech Equipment Company is dedicated to serving customers in the Ohio, Kentucky, and Indiana area markets. With a team of five representatives, Protech adopts a customer-focused approach to deliver tailored and robust bulk material handling solutions. They specialize in designing and offering bulk solids handling, dust collection, central vacuums, and explosion protection systems for industries such as food, grain, pet food, and minerals, to name a few.

This partnership represents our shared decades of experience and our unwavering commitment to addressing client challenges with the highest-quality innovative solutions in the material handling industry.

"Partnering with the team at Protech Equipment Company allows us to strengthen our presence in the Ohio Valley region and bring our innovative solutions closer to our customers," said Sergio Carrillo, Director of Sales and Marketing. "We are excited about the opportunities this partnership brings to enhance our service and support to all industries in Ohio, Kentucky, and Indiana."

As an industry leader in bulk material handling equipment and systems, MTS provides custom solutions to improve process efficiency, enhances productivity and ensures employee safety across a variety of industries and applications.
